## About the Company

- **Al-Talab Industrial Group was established in 1990** and began its journey in the field of plastics manufacturing, specializing in household plastic products and cleaning supplies. Since then, the company has continued to expand its expertise and production capabilities, launching its first factory in 2006 under the name "Al-Talab Plast", specializing in the manufacture of cleaning tools and household tools in addition to the field of plastic injection using polypropylene in its various types.
- **By 2008, the company proudly began exporting** its products manufactured in Egypt to the Middle East and Africa markets, which contributed to enhancing its reputation as a reliable source of high-quality plastic products.
- **The company invested in new production lines in 2009** by adding plastic extrusion machines using R-PET, making it one of the pioneers in developing the recycling and green energy sector in Egypt.
- **As the company grew and innovated more solutions** in the plastic sector, in 2016 it developed a new factory under the name "Altalab Al-Zahbi", to continue producing plastic injection products that meet the needs of the Egyptian and African markets, with a focus on creating job opportunities and using the latest technologies and machines to ensure the highest quality.
- **In 2025, the company launched a new** initiative to produce UPVC windows and doors sectors, after conducting an in-depth study of market needs and benefiting from the expertise of the R&D team. This step Reinforces our commitment to innovation and sustainability.

## عن الشركة

- تأسست مجموعة التعلب الصناعية عام ١٩٩٠ وبدأت رحلتها في مجال صناعة البلاستيك حيث تخصصت في المنتجات البلاستيكية المنزلية ومستلزمات التنظيف. ومنذ ذلك الحين. واصلت الشركة توسيع خبراتها وقدراتها الإنتاجية، حيث أطلقت أول مصنع لها في عام 2006 تحت اسم "**التعلب بلاست**"، متخصصة في صناعة أدوات التنظيف والأدوات المنزلية بالإضافة إلى مجال حقن البلاستيك باستخدام مادة البولي بروبيلين بأنواعها المختلفة.
- بحلول عام 2008، بدأت الشركة بفخر في تصدير منتجاتها المصنعة في مصر إلى أسواق الشرق الأوسط وأفريقيا، مما ساهم في تعزيز سمعتها كمصدر موثوق للمنتجات البلاستيكية عالية الجودة.
- استثمرت الشركة في خطوط الإنتاج الجديدة في عام 2009 من خلال إضافة ماكينات سحب البلاستيك باستخدام مادة **R-PET**، مما جعلها من بين الرواد في تطوير قطاع إعادة التدوير والطاقة الخضراء في مصر.
- مع نمو الشركة وابتكار المزيد من الحلول في قطاع البلاستيك، قامت في عام 2016 بتطوير مصنع جديد تحت اسم "**التعلب الذهبي**"، ليوصل إنتاج منتجات حقن البلاستيك التي تلبي احتياجات السوق المصري والإفريقي، مع التركيز على خلق فرص عمل واستخدام أحدث التقنيات والماكينات لضمان أعلى جودة.
- في عام ٢٠٢٥، أطلقت الشركة مبادرة جديدة لإنتاج قطاعات النوافذ والأبواب من مادة **UPVC**، بعد إجراء دراسة متعمقة لاحتياجات السوق واستفادة من خبرات فريق البحث والتطوير هذه الخطوة تعزز التزامنا بالابتكار والاستدامة.
